Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-2,4,9-11,56 and 57 are rejected under 35 U.S.C. 102(b) as being anticipated by May.

The claims have been amended to recite "generating a presentation of the retrieved open offers and bids having commodities from more than one exchange displayed thereon". A careful read of this language includes the orders coming from a single exchange with commodities that are traded on more than one exchange. As such, the language fails to further limit the claimed method.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-2,4,9-11,56 and 67 are rejected under 35 U.S.C. 103(a) as being unpatentable over May.

The claims have been amended to recite "generating a presentation of the retrieved open offers and bids having commodities from more than one exchange displayed thereon". A careful read of this language includes the orders coming from a single exchange with commodities that are traded on more than one exchange. As such, the language fails to further limit the claimed method. In the alternative, it would have been obvious for one skilled in the art to combine the

teaching of May with commodities that are traded on more than one exchange as motivated by the need to increase trading volume.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
